<i>Title of the Invention: MOBILE RADIO COMMUNICATION SYSTEM</i>		

PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Please amend the above-identified application, prior to examination, as follows:

In the Specification:

Page 1, after the title insert the following paragraph:

--CROSS REFERENCE TO RELATED APPLICATION

a1 This application is a divisional of pending application Serial No. 09/274,308, filed March 23, 1999.--

Page 5, fifth paragraph, replace with the following:

a2 --Fig. 7 is an illustrative diagram of an information channel in communicating between a mobile station and a visiting area base station, and a searching method by a tracking slot between the mobile station and an adjacent base station.--

Page 6, third full paragraph, replace with the following:

a3 --The mobile station 101 waits for a tracking channel beam including the base station ID from a visiting area base station 102 as shown in (1) of Fig. 5 by varying the beam receiving direction of its antenna as shown in Fig. 2 (steps S0101, S0102). In a receiver of the mobile station 101 (not shown), a conventional omnidirectional receiving may be possible according to parameters.--
